

GOVERNMENT OF ODISHA
INDUSTRIES DEPARTMENT

RESOLUTION

No.XIV-HI-84/14 1366 /I., Bhubaneswar, dated the 3/3/15

Sub: Amendment of IPR-2007, Definition of Down Stream Industry.

In the IPR-2007, Downstream Industry with minimum capital investment of Rs.10 Crore & providing direct employment to 100 persons is classified as Thrust Sector. Fly ash & Blast Furnace slag based Industries utilizing a minimum of 25% by weight as base raw material are classified as Priority Sector under IPR-2007. The Existing definition of Down Stream Industry under IPR-2007 depicts- "Down Stream Industry" means an Industrial undertaking, which is engaged or proposed to be engaged in value addition of the Intermediate or final produce or waste product of one or more Industrial undertakings.

An issue has come up in the above definition of "Downstream Industry" as Industrial units providing direct employment to 100 persons with capital investment for Rs.10 Crore but using any percentage of waste/ intermediate/ final product are being categorized under Downstream Industry and are claiming fiscal incentives under Thrust Sector. There is therefore a need to prescribe a minimum use of waste/ intermediate/ final product by a unit to be eligible to be categorized under Downstream Industry to claim the benefits under Thrust Sector. After careful consideration, Govt. have been pleased to amend the definition of Down Stream Industry in 'Annexure-I Definition & Interpretation' under IPR-2007 issued vide Industries Department Resolution No.XIV-HI-52/2007-3391/I dated 2.3.2007 as indicated below.

Sl. No 2. "Down Stream Industry" means an Industrial undertaking, which is engaged or proposed to be engaged in value addition of the intermediate or final produce or waste product of one or more industrial undertakings utilizing a minimum of 50% by weight as base raw materials.

Sl. No 19. "Thrust Sector"

Note-I- Government may, by Notification, modify the above list and criteria as and when necessary.

Note-II - An industrial unit under priority sector shall not be considered under Thrust Sector irrespective of percentage of utilization of Fly ash and Blast Furnace Slag by weight as base raw materials.

It shall come into force with immediate effect.
