

# *Activities*

The following major activities are carried out by the Industries Department to make Odisha an industrially developed state:

- Policy formulation for industrial development and its administration
- Developing a roadmap for industrial development of the State
- Branding Odisha as an attractive investment destination in the identified focus sectors of the State
- Promoting strengths and competitiveness of the State as an investment destination of choice across the globe
- Facilitate creation of land bank for industrial development
- Creation, improvement and maintenance of industrial infrastructural facilities through development of investment regions, sector specific clusters and industrial estates
- Allotment of developed plots and built-up sheds to entrepreneurs for industrial projects
- Promote, establish and run industries setup as PSUs or JVs across the State
- Promote, grow and develop the film industry in the State
